DETAILED ACTION

Response to Amendment

Examiner acknowledges response by applicant's representative received 10/12/05. Examiner further acknowledges applicant's election of invention II, claims 2-4, 8, 42, 45 & 47, without traverse. All other claims have been withdrawn from prosecution.

Claim Objections

Claims 3-4, 8, 45 & 47 are objected to under 37 CFR 1.75(c) as being in improper form because they fail to have appropriate wording. See MPEP § 608.01(n). Although the claims refer to other claims in the alternative, they should precede the language "further comprising" and not 'wherein'. Accordingly, these claims not been further treated on the merits.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 2-4, 8, 42, 45 & 47 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by White et al. (847).

White discloses a Wagering Game Employing Dice.

White's game teaches the limitations of the aforementioned claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure and are cited to show the state of art with respect to features of the claimed invention.
